1A Bowden	“	Natural gas	“	“	“	“	“

Notes:

- For buildings without generators, batteries only, the Building Attendants or Custodian or contracted security will commence hallway Fire Watch patrols, hourly, until power is restored.
- Building Attendants or Custodians will also monitor the front entries of buildings where the Intercom does not function.
- Announcement Systems (keys next to ERP in electrical room):
  1. Buckley Towers – operated from lobby, 2<sup>nd</sup> and 15<sup>th</sup> floors, w/speakers in apartment.
  2. Huron Street – operated from lobby, with speakers in apartment.
  3. Gale Crescent – operated from phones on every floor in the stairwell announced into hallway.
